

PT Links...a public transit option for everyone!

Call 336-641-4848

Getting you where you need to go...

Need to get to Winston-Salem, Alamance County, downtown High Point or downtown Greensboro but don't have a means of getting there?

Guilford County Transportation and Mobility Services has a solution for you. We have coordinated with Greensboro Transit Authority (GTA), Hi tran and Piedmont Authority for Regional Transportation (PART) to develop a program called **PT Links**. This program is exclusively for individuals without access to public transit residing outside of the Greensboro and High Point city limits.

Here's the deal. Say you live in Stokesdale, want to go shopping at Four Season Mall and want to avoid the high cost of gas. Guilford County Transportation and Mobility Services can pick you up and link you with a GTA bus stop that will then take you to Four Seasons Mall. Or better yet, you live in Northeast Guilford County and work in Winston-Salem. We will pick you up and take you to The Depot in downtown Greensboro where you can take the PART bus over to Winston-Salem.

Guilford's County public transit system is a shared ride service. Our primary service is to persons in need of transportation to medical appointments and senior centers. Our fleet consists of sedans, vans and mini-buses. We have lift-equipped vehicles to accommodate riders in wheelchairs. **The fare is only \$1.60 one-way to link up.** You will then need to pay the fare for the system you are transferring to.

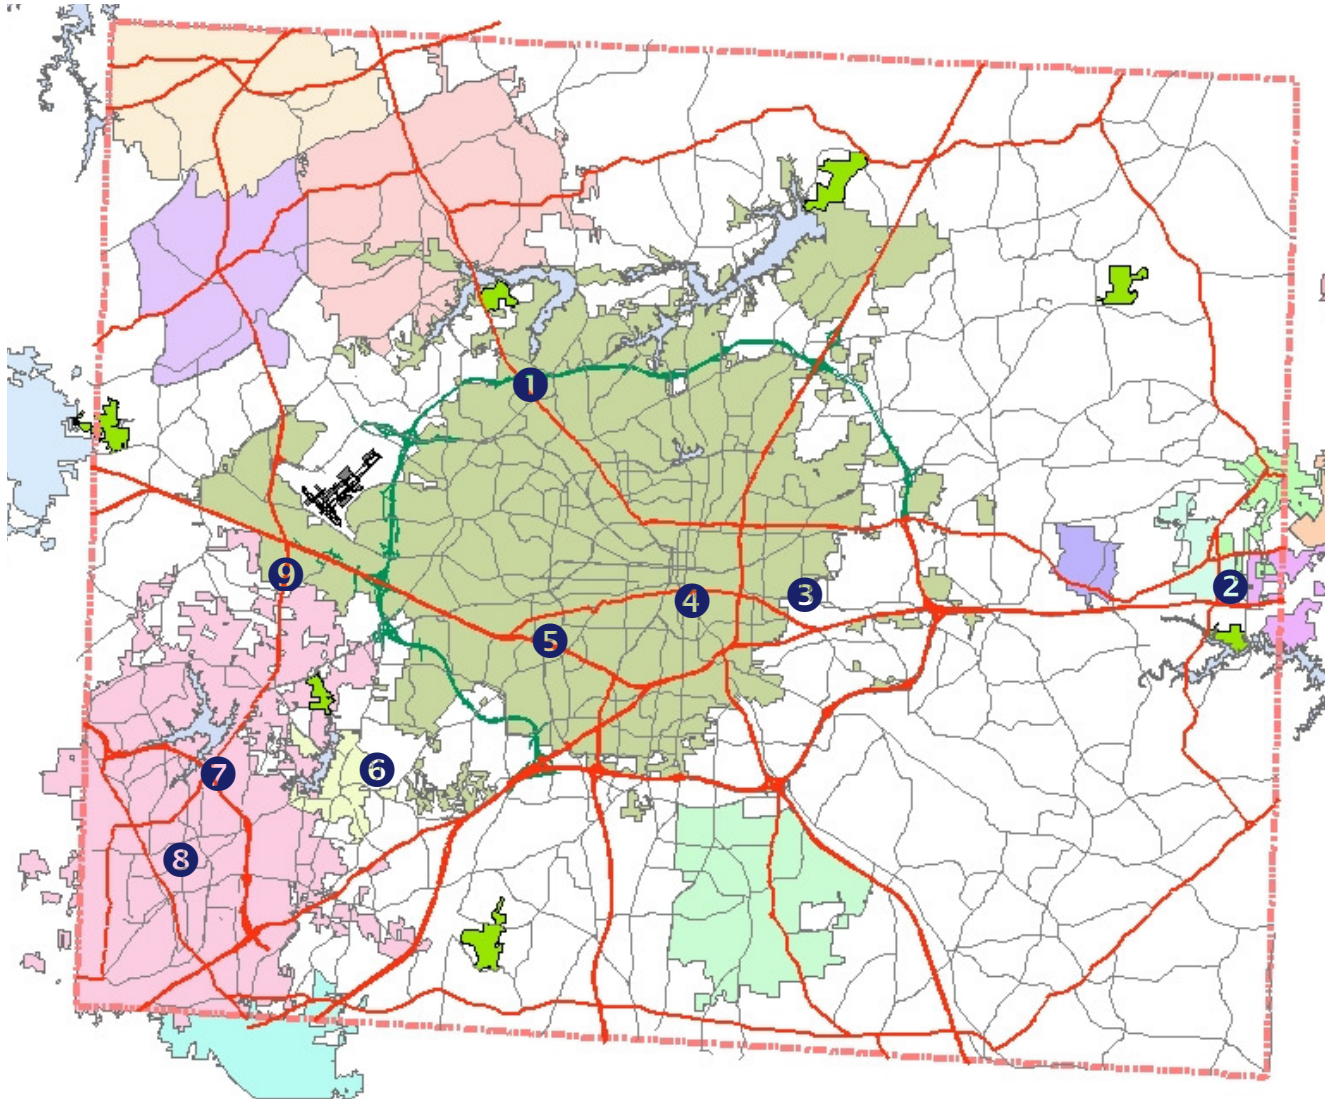

System	Adult Fare One-way	Service Schedule	For more information call...
GTA	\$1.10	M-F 5:15am - 11:30pm Sat 7am - 10pm Sun 6am - 6pm	336-335-6499
Hi tran	\$1.00	M-F 5:45 am - 6:30pm Sat 8:45am - 5:15pm	336-889-7433
PART	\$2.00	M-F 6am - 7pm	336-662-0002
Transportation & Mobility Services	\$1.60	PT Links service is limited to the service hours of the system you are linking to.	336-641-4848

Fares and Service Schedules are subject to change. Check with individual systems for information on discounted fares for seniors, children and persons with disabilities.

Nine service connections have been identified. Additional connections can be added as the need demands. **Please refer to the map on the back for the location of the PT Connections.**
