

GreenTip
How Do You Measure Up?

Get Involved!

America Recycles Day originated on November 15, 1998, and is the only nationally recognized day dedicated to encouraging Americans to recycle and to buy recycled products. Millions of Americans now actively participate by pledging to increase their recycling habits at home, at school, at work and in the community and to buy products made with recycled materials. If you'd like to take the pledge, visit the America Recycles Day website, add your electronic signature and make the commitment to increase your personal recycling efforts:

<http://www.americarecyclesday.org/takethepledge.aspx>

The purpose of America Recycles Day is to promote the social, environmental and economic benefits of recycling and to encourage more people to take personal action to protect our environment.

Do you recycle at home? At work? At school? At community events? Do you know the most current procedures for recycling, and what specific materials your recycling program accepts? Make the commitment to learn more today. Contact your recycling service provider for the most up to date information. Check the Guilford County Solid Waste Services Guide for recycling and customer service information specific to your city or town by clicking this link:

http://www.co.guilford.nc.us/gc_solid_waste_services.pdf

If you're a teacher or office manager or facility superintendant, how about getting your co-workers and staff to take the pledge? [Click here](#) for a downloadable pledge card that you can distribute.

For a listing of America Recycles Day events in North Carolina, visit the North Carolina Division of Pollution Prevention and Environmental Assistance website:
